

JUNE FURNITURE SALE

For some years past June has been a great Furniture month at this store. People have learned to look to this store at this time of the year for

greater values than can be found elsewhere. We make unusual preparations for this month, buying in larger quantities, making selections from the choicest of new Spring assortments, and practically naming our own prices, as this is the time of the year manufacturers are glad to dispose of their surplus stocks at far below regular prices. Iron Beds, from \$3.50 up; Dressers, from \$7.50 to \$45.00; Chiffoniers, from \$5.50 to \$38.00; Kitchen Cabinets, from \$5.75 to \$23.00. Veranda Furniture in all the latest styles at lowest prices.

DO YOU GET MARRIED THIS MONTH?

Young couples can get their first lesson in economy by buying their outfit here. We know exactly what we are talking about. We know our prices cannot be matched in this city. "He Who Kept His Tongue."

An old fashioned minister was visiting his son in New York recently and was taken to a fashionable church for the Sunday morning service. The pastor is a young man of great culture, but evidently his oratorical efforts did not greatly impress the visitor, for when they were walking homeward the son remarked approvingly:

"That was a good sermon, an excellent sermon. The congregation like Dr. Blank very much."

"Yes, a good sermon undoubtedly," his father replied. "It could not possibly have touched a sore spot anywhere."—New York Herald.

The Chairman's Break.

Senator Moses E. Clapp of Minnesota made a speech at Erin Corners, in his state, says the Saturday Evening Post.

His audience was very unfriendly. They howled at the gigantic Clapp, laughed at him, threw things at him and made it most uncomfortable.

Finally Clapp stopped and looked at the chairman.

"Don't mind them, Mose," said the chairman. "Go right ahead. They're nothing but loafers and rowdies. None of the decent people would come."

DON'T GO IT BLIND!

At this time of Spring Suit buying "Don't go it Blind"—don't rush into the first clothing store you come to and lay down your \$10, \$12, or \$15, and take a suit just because the salesman says it's "cheap" at the price, etc. Open your eyes a bit and look around, and, perhaps you'll be surprised to learn what your money will buy, if you go the right store—that's it—"right store." We want to be put to the test—we want our clothes compared with other kinds for, when this is done, we always make a sale.
